WEAKENS ON SELLING

Bearish Tendency Prevails, Notwithstanding Decrease in the World's Visible Supply.

CHICAGO, May 5.—Wheat opened firmer because of higher prices at all the European grain centers, but an easier tone soon developed on selling by local longs. Sentiment continued bearish the remainder of the day, notwithstanding the extremely bullish showing of the statistics on the world's visible supply, which showed a decrease of 14,583,000 bushels for the week, against an increase of 465,000 bushels for the orrespending time one year ago. The factors chiefly responsible for the easier tone was additional rains in vansas and a decrease of damage removis for the Southwest and the Ohlo crop report, which showed an improvement of seven points in the condition of the crop, at that State during April. The market closed easy. July opened the higher at 901,091c, advanced to 912c, and then declined to 901,2002c. The close was at 902,093c.

The corn market was inclined to be weak all day. There was only a light trade in the May delivery, and that option ranged between 591,0703c. The market closed easy. July opened unchanged to a shade higher, at 641,055c, sold off to 642c, and closed at 645c.

Oats were weak during the greater part of the session. July opened unchanged at 472c, and sold off to 462c, where it closed. Provisions were dull and steady. A 500 for advance in live hogs was the chief strengthening influence. At the close July pork was up 23c, tard was a shade higher, and ribs were 23c higher.

The Day Looks Different After a Cascaret

No need of those days when you are | not at your best

Headache and duliness are generally due to the bowels.

You know that, but you put off the treatment till night. That is wrong,

for it means the waste of a day. A single Cascaret, taken the moment you need it, makes everything right very soon.

You will feel in an hour as you hope to feel the next morning.

You can't use harsh cathartics and pills in that way. They irritate the bowels and cause griping. The pain is worse than the headache.

But Cascarets never gripe.

Tens of thousands of people carry our vest-pocket box. They take a Cascaret whenever the skies look gray. One ten-cent box saves, in this way, six unpleasant days.

You will do likewise when you try the plan once. And you'll be glad that we told you about it. Please begin today.

Cascarets are candy tablets. They are sold by all druggists, but never in bulk. Be sure to get the genuine, with CCC on every tablet. The box is marked like this:

The vest-pocket box is 10 cents. The month-treatment box 50 cents. 12,090,000 boxes sold annually.

CALIFORNIA CHERRIES SELLING AT LOW PRICE

Abundant Supply of Fruit Compels Dealers to Dispense It at 20 and 25 Cents.

California cherries are now plentiful on market row, at 25 cents a pound. Many of the dealers are offering the fruit at as low a rate of 20 cents. When cherries first appeared, several days ago, the retail price was 50 cents, but as the supply became greater than the demand the dealers were compelled to reduce the price to dispose of the fruit before it spoiled.

price to dispose of the fruit before it spoiled.

There is also a large supply of strawberries on the market. These, too, are becoming cheaper, and a very good berry could be obtained Tuesday at 10 cents a box. The large red apples, which recently arrived from Oregon, were offered at the rate of three pounds for 25 cents, and the first eggplant of the season was sold at 30 cents a pound. A carload of young potatoes is expected to arrive from California, Wednesday morning, and the dealers say they are also expecting the farmers to bring in a large supply of mushrooms within the next few days.
